DETAILED ACTION

Response to Arguments

1. Applicant's arguments, see Response, filed August 11, 2005, with respect to Restriction Requirement have been fully considered and are persuasive. The restriction of claims 14-44 has been withdrawn. All of the claims, 1-57, are now pending and have been considered.

Allowable Subject Matter

2. **Claims 1-57** are allowed.
3. The following is an examiner's statement of reasons for allowance: U.S. Patent Number 5,768,119 to Havekost et al. teach an integrated alarm display in a process control network. The prior art of record does not teach a system that detects or uses the configuration state of the field device that is within a non-normal operating configuration state. The prior art of record also does not teach a system that inhibits the use of a signal from field device *based on the determined configuration state* of the field device.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
